1st Year

Project Work during the Covid-19 Pandemic

(September 2021 – June 2022)

1st LTTA

Umeå, Sweden

(14-18 February 2022)

This meeting was an interesting experience despite being an online one for the Greeks! Regulations imposed due to the pandemic made it impossible for us to travel to Sweden.

However, we had fun! We contacted old partners once again and got to know some new ones. We also learnt many things about the issues of Climate Crisis and Global Warming, the partners' schools, their education systems and dropping out in their countries.

2nd LTTA
Split,
Croatia

(28 March - 1 April 2022)

The trip to Split was wonderful! We had the chance to meet other guys from foreign countries and exchange ideas and information about Emissions and the Greenhouse Effect.

Croatians are nice and friendly. The city of Split is very beautiful because it combines medieval architecture and local tradition. We had a great time and we are grateful that we took part in this project ... We loved Croatia!

3rd LTTA
Kópavogur, Iceland
(9-13 May 2022)

“...We won't forget this great experience which gave us the opportunity to visit great places and work together with teenagers having different mentalities!”

“...It was a great week! We met wonderful people and learnt lots of things about Achieving Sustainability Towards Ocean Protection”

Aristea Tsakona

4th LTTA

Rethymno, Greece

(10-14 October 2022)

Being a host is a very tiring but rewarding thing. Having all the partners here, in Rethymno, and sharing so many experiences with them has made us realise what an Erasmus+ project can offer somebody, especially people at our age. Also, Maritime Safety and Pollution is a burning issue that concerns all of us.

**5th LTTA
Aveiro,
Portugal
(13-17 March
2023)**

Dealing with the issue of Marine Protected Areas vs. Coastal Marine Tourism gave us the chance to think about all the problems that we face in our everyday life since we live in such areas. We've been encouraged to become active citizens and take measures against their pollution developing the 21st century skills at the same time.

We also participated in **A**wesome activities, **V**igorous exercises, **E**ngaging tasks, met **I**nteresting people, visited **R**eally beautiful places and **O**rganised parties.

6th LTTA
Istanbul, Turkey
(8-12 May 2023)

“...The end of this great adventure
that reminds us of Ithaka
by the Greek poet
C. P. Kavafy...”

“When you set out on your journey to Ithaca,
pray that the road is long,
full of adventure, full of knowledge.
The Lestrygonians and the Cyclops,
the angry Poseidon - do not fear them:
You will never find such as these on your path,
if your thoughts remain lofty, if a fine
emotion touches your spirit and your body.
The Lestrygonians and the Cyclops,
the fierce Poseidon you will never encounter,
if you do not carry them within your soul,
if your soul does not set them up before you. ...”
